

**FINANCIAL STATEMENTS
FOR THE YEAR ENDED
31 MARCH, 2023**

To,
The Members
Nesco Foundation for Innovation and Development

Board of Directors have pleasure in presenting the 4th Annual Report of the Company together with the audited financial statements for the financial year ended 31 March 2023.

1. Financial Results

Particulars	For the year ended 31.03.2023	For the year ended 31.03.2022
Income	17.31	111.20
Expenditure	17.32	103.26
Surplus / (Deficit) for the year	(0.01)	7.94
Earning per Share (in ₹)	(0.16)	79.44

2. Share Capital

The paid-up equity share capital as on 31 March 2023 was ₹ 1,00,000/-.

3. Directors

There was no change in the composition of directors during the financial year 2022-23.

4. Board Meetings

Pursuant to Section 134(3)(b), during the year under review, four Board Meetings were conveyed and held on 13 May 2022, 01 August 2022, 28 October 2022 and 27 January 2023. The intervening gap between the Meetings was within the period prescribed under the Companies Act, 2013.

5. Directors' Responsibility Statement as required under Section 134(3)(C) of the Companies Act, 2013

The Directors state that: -

- In the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation by way of notes to accounts relating to material departures;
- The selected accounting policies were applied consistently and the judgments and estimates made by them are reasonable and prudent so as to give true and fair view of the state of affairs of the Company as at 31 March 2023 and of the profit and loss of the Company for the year ended on that date;

CIN No.: U85320MH2019NPL331463

Registered Office: Hall No. 1, Nesco Center, Western Express Highway, Goregaon (East), Mumbai – 400063.

Tel No.: 022 66450123: Fax No.: 022 66450101: Email: nescofoundation@nesco.in

- c. Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- d. The annual accounts have been prepared on a going concern basis.
- e. Directors had laid down internal financial controls to be followed by the Company and that such internal controls are adequate and were operating effectively.
- f. Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

6. Company's Performance

During the year, your Company received ₹ 17.31 lakhs as donations. Out of the above, ₹ 11.81 lakhs were received from Nesco Limited (Holding Company) as contribution towards its CSR activities. Your Company has utilized the contribution of ₹ 8.39 lakhs received for providing educational facilities.

7. Auditors and Audit Report

The Board of Directors in their meeting held on 11 May 2020 in accordance with the provisions of Section 139(1) of the Companies Act, 2013, had appointed M/s Manubhai & Shah LLP, to act as the Statutory Auditors of your Company for a period of five years i.e., till the conclusion of the 6th Annual General Meeting. The Company had received certificate from the Auditors to the effect that the appointment is in accordance with the limits specified under Section 139(9) of the Companies Act, 2013.

The Notes on financial statements referred to in the Auditors Report are self-explanatory and do not call for any further comments. The Auditors' Report does not contain any qualification, reservation or adverse remark.

8. Safety, Health and Environment

Your Company recognizes its role in health and safety, as well as its responsibility towards environment and society. Safety and security of personnel, assets and environmental protection are also on top of the agenda of the Company.

9. Conservation of energy, technology absorption, foreign exchange earnings and outgo

The provisions of Section 134(3)(m) of the Companies Act, 2013, relating to conservation of energy and technology absorption are not applicable to the Company.

There is no foreign exchange earnings and outgo during the year under review.

10. Particulars of Loan, Guarantee or Investments

Your Company has not made investments under provisions of Section 186 of the Companies Act, 2013.

CIN No.: U85320MH2019NPL331463

Registered Office: Hall No. 1, Nesco Center, Western Express Highway, Goregaon (East), Mumbai – 400063

Tel No.: 022 66450123; Fax No.: 022 66450101; Email: nescofoundation@nesco.in

11. Particulars of Employees

There is no employee in respect to whom information is required to be given pursuant to Section 197 of the Companies Act, 2013 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

12. Annual Return

The Annual Return of the Company as on 31 March 2023 is prepared in Form MGT - 7 in accordance with Section 92(3) of the Act read with the Companies (Management and Administration) Rules, 2014.

13. Subsidiaries

Your Company is a Wholly Owned Subsidiary of Nesco Limited. There are no subsidiaries of your Company.

14. Related Party Transactions

There are no materially significant related party transactions made by the Company with Promoters, Key Managerial Personnel or other designated persons which may have potential conflict with interest of the Company at large.

All Contracts or arrangements or transactions entered by the Company with Related Parties were in its ordinary course of business and on an arm's length basis.

15. Indian Accounting Standards

Your Company has adopted Indian accounting Standard (Ind AS) notified by the Ministry of Corporate Affairs and the relevant provisions of the Companies Act, 2013 and general circulars issued from time to time.

16. Acknowledgement

Your Directors thank the shareholders, customers and vendors for the support and their valuable contribution.

For and on behalf of the Board

Nesco Foundation for Innovation and Development
Notes to Financial Statements

1. Statement of significant accounting policies and practices

A. Corporate Information

Nesco Foundation for Innovation and Development ("the Company"), a non-profit making Company, within the meaning of Section 8 of the Companies Act, 2013, was incorporated in India on 9 October, 2019. The Company is primarily engaged in CSR activities which are mainly in line with the specified areas for CSR in Schedule VII of Companies Act, 2013.

B. Basis of preparation: - Compliance with Ind AS

These financial statements have been prepared in compliance with Indian Accounting Standards (Ind-AS) notified under section 133 of the Companies Act 2013 (The Act) [the Companies (Indian Accounting Standards) Rules, 2015], and other relevant provisions of the Act, on the accrual basis under historical cost convention.

C. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialized and if material, their effects are disclosed in the notes to the financial statements.

D. Current/ non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's Normal operating cycle and other criteria set out in Schedule-III of the Act. For the purpose of current / non-current classification of assets and liabilities, the company has ascertained its normal operating cycle as 12 months. This is based on the nature of services and the time between the acquisition of assets and their realization in cash and cash equivalents.

E. Intangible Assets

Intangible Assets are stated at cost of acquisition less accumulated amortization and accumulated impairment, if any. Amortization is done over their estimated useful life on straight line basis from the date that they are available for intended use, subjected to impairment test. Purchase cost and consultancy fees for major software are amortized over the useful life of the software. Software, which is not an integral part of the related hardware is classified as an intangible asset and is amortized over the useful life of 6 years.

F. Revenue recognition

Revenue is recognized only when it can be reliably measured, and it is reasonable to expect ultimate collection.

G. Cash and cash equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments where the original maturity is three months or less.

Nesco Foundation for Innovation and Development
Notes to Financial Statements

H. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Investments and other Financial Assets:

(i) Classification:

The Company classifies its financial assets in following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on entity's business model for managing financial assets and the contractual terms of cash flow.

(ii) Initial recognition and measurement:

At initial recognition, the Company measures a financial asset at fair value, plus in case of a financial asset not at fair value through profit and loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit and loss are expensed in profit or loss.

(iii) Financial Assets measured at amortised cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. A gain or loss on such an instrument is recognised in profit or loss. Interest income from these financial assets is included in other income using effective interest method. The losses arising from impairment are recognised in the Statement of Profit and Loss.

(iv) Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where represent solely payments of principal and interest, are measured at fair value initially as well as at each reporting date through other comprehensive income. Fair value movements in the carrying amount are recognized in the other comprehensive income, except for the recognition of impairment of gains and losses, interest revenue and foreign exchange gain or loss which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(v) Financial Assets measured at fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVTOCI are measured initially as well as at each reporting date at fair value through profit or loss as other income. Income from these financial assets is included in other income.

(vi) Investment in Subsidiary and Associates:

Nesco Foundation for Innovation and Development
Notes to Financial Statements

Investment in equity instruments of Subsidiaries and Associates are measured at cost in accordance with the option available in Ind AS 27, "Separate Financial Statements".

Investment in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in economic environment.

(vii) Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI.

Fair value changes in case of the equity instruments classified as FVTOCI are recognised in the Other Comprehensive Income. There is no subsequent reclassification of gains and losses from other comprehensive income to profit or loss.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gains / (losses) in the statement of profit and loss. Dividend from such investments are recognised in profit and loss as other income when the Company's right to receive payments is established. Impairment loss (and reversal of impairment loss) on equity instruments measured at FVTOCI are not accounted separately from other changes in fair value.

(viii) Investment in Debt Instruments: A debt instrument is measured at amortised cost or at FVTPL. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

(ix) Impairment of Financial Assets: The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

(x) De-recognition of Financial Assets:

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

A financial asset is derecognised only when the Company –

- has transferred the right to receive cash flows from the financial asset or
- retains contractual rights to receive the cash flows of the financial asset, but assumes contractual obligation to pay the cash flows to one or more recipients or
- does not retain the control of the financial asset or
- does not have continuing involvement in the financial asset.

Nesco Foundation for Innovation and Development Notes to Financial Statements

When the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of financial assets. In such cases, financial asset is derecognised. When the entity has not transferred substantially all risks and rewards of ownership of financial asset, the financial asset is not derecognised.

(xi) Income recognition:

Interest income from debt instruments is recognised using effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When computing effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments. Dividends are recognised in profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

2. Financial Liabilities:

i) Classification:

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss.

ii) Initial recognition and measurement:

All financial liabilities that are classified as to be subsequently measured not at Fair value through Profit and Loss (FVTPL), are recognised initially at fair value, being transaction price net of directly attributable transaction costs. Financial liabilities include trade and other payables, security deposits etc.

iii) Subsequent measurement: All Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. The EIR amortisation is included as finance costs in the statement of profit and loss.

iv) De-recognition of Financial Liabilities: A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

3. Offsetting Financial Instruments:

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

I. Segment Reporting:

Operating segments have been identified on the basis of the nature of business activities from which the Company earns revenues or incurs expenses and for which discrete financial information is available. The Management monitors the operating results of its business segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The Operating segments have been identified on the basis of the nature of products / services.

- i) Segment revenue includes sales and other income directly identifiable with/ allocable to the segment including inter-segment revenue.
- ii) Expenses that are directly identifiable with/ or allocable to segments are considered for determining the segment result. Expenses which relate the Company as a whole and not allocable to segments are included in un-allocable expenditure.

**Nesco Foundation for Innovation and Development
Notes to Financial Statements**

- iii) Income which relates to the Company as a whole and not allocable to segments is included in un-allocable income.
- iv) Segment assets and liabilities include those directly identifiable with the respective segments. Un-allocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker.

J. Earnings Per Share:

Basic Earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

K. Leases:

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets (assets of less than Rs. 1,00,000 in value). The Company recognizes the lease payments associated with these leases as an expense over the lease term.

Note 18 - Leases:

Pursuant to Ind AS 116 – Leases, following information is disclosed:

Company as Lessee:

NFID recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

NFID has taken a part of land at Karamsad, Gujarat under non-cancellable Operating Lease. These lease rentals are payable on a monthly basis. It recognizes this lease as right of use assets and lease liability.

The company recognizes the lease payments associated with these leases as an expense over the lease term. There is no contingent rent payable to lessors under the lease agreements.

The following is the carrying amounts of Company's Right of Use assets (ROU), Movement in liabilities, amount recognized in Income & Expenditure and Cash outflow for ROU assets: -

(₹ in lakhs)

Particulars	2022 – 23	2021 – 22
